REFERENCE: Memorandum from AD/BI to Comptroller, same subject, dated 28 February 1957

2. Mr. [redacted] 25X1A1a informs me that final billings for all regular NIS printing are now in and [redacted] in unliquidated funds remain 25X1A1a in the OBI 06 account. Of this amount, it is estimated that [redacted] will be required for NIS Gaseteer printing (still done by Main GPO) in the balance of fiscal year 1957.

3. Since the Printing Services Division, Office of Logistics, has agreed to purchase the paper and cover stock and other supplies necessary for NIS printing, a sum of [redacted] in OBI 06 funds no longer is needed for that purpose. 25X1A1a

4. It is, therefore, requested that the following amounts be transferred from the Office of Basic Intelligence to the Printing Services Division, Office of Logistics: 25X1A1a
